## Stavros Malatestas & CO.

Has been providing quality technical and commercial HVAC services since 1989. We have been offering a variety of services (industrial development, technical support) in a broad array of industries including but not limited to the Pharmaceutical Sector, the Food Industry as well as the Maritime Industry.

The company, having gained extensive experience and expertise in the field of refrigeration and air conditioning and with the support of its highly qualified and certified personnel, is able to undertake any project on land and at sea.

Our company consists of highly trained technicians with years of experience and knowledge of the field, supported by professional equipment and means of transport for immediate and effective technical support. Our **know-how, cutting edge equipment, speed and consistency in delivery times** make us a dynamic presence in the area of refrigeration and air conditioning.

We operate with a full sense of responsibility towards the professionals who use our services to deliver top quality services. We respect the environment and make sure that we are in full compliance with the existing environmental regulations and frameworks. Our commitment to excellence, extensive experience, proficiency, have made us known as one of the leading companies in the HVAC sector. All these qualities enable us to offer our clients a comprehensive range of high quality services.

We adapt to the ever changing needs of the market, equip ourselves with state-of-the-art tools and machinery as well as enrich our knowledge by attending specialized seminars. Our clients deserve the best, consequently we are pleased to provide you with professional services described below:

**We are always available. our services are offered round the clock, 24 hours a day, 7 days a week.**

- We are not constrained by location and we are able to assist you no matter what.
- We offer annual or even time-limited cooperation upon agreement - contract with the Customer.
- We aim to provide immediate customer service at the lowest cost.
- We are strict about quality and we always strive for lasting success through our business applications.
